

Eminent Doctors Praise Its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John F. Ely, one of the Editorial Staff of THE MEDICAL REVIEW, says of Dr. Pierce's Favorite Prescription:

"A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system. It contains 'in Helonias' we have a medicine which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Union root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Union root, or Helonias, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions, and general debility, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general action on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

FOUND OUT.

A Trained Nurse Discovered Its Effect.

No one is in better position to know the value of food and drink than a trained nurse.

Speaking of coffee a nurse of Wilkes-Barre, Pa., writes: "I used to drink strong coffee myself and suffered greatly from headaches and indigestion. While on a visit to my brothers I had a good chance to try Postum Food Coffee, for they drank it altogether in place of ordinary coffee. In two weeks, after using Postum, I found I was much benefited and finally my headaches disappeared and also the indigestion."

"Naturally I have since used Postum among my patients, and have noticed a marked benefit where coffee has been left off and Postum used."

"I observe a curious fact about Postum used among mothers. It greatly helps the flow of milk in cases where coffee is inclined to dry it up, and where tea causes nervousness."

"I find trouble in getting servants to make Postum properly. They must always serve it before it has been boiled long enough. It should be boiled 15 or 20 minutes and served with cream, when it is certainly a delicious beverage."

"There's a reason" for Postum.

MISSOURI GLEANINGS.

Barrington Witness Kills Himself.

Clayton—John M. Oellien, a former deputy sheriff in St. Louis county, took carbolic acid at his home at Madisonville, where he owned a saloon, and died before a physician could reach him. No cause could be assigned except that he had been drinking. He is said to have been subject to spells of despondency. Oellien was one of the chief witnesses against F. Seymour Barrington, convicted at Clayton of murdering James P. McCann. At the time of the murder he was motorman on the St. Louis & St. Charles line. His car carried Barrington and McCann to Bonfils, and he talked to the men as they left the car. He also testified to hearing revolver shots and screams. On his return from St. Charles, Oellien told his wife that he wanted to go down, and went to his room. Soon afterward Mrs. Oellien found her husband dying. Coroner Koch announced that death had been caused by acid self-administered. Oellien was 35 years old, and is survived by a widow and two children.

Snails Too Swift.

A young man from Philadelphia was dining with a friend in a downtown restaurant. Among the things the New Yorker ordered were snails. When the Philadelphia tackled this part of the dinner he was greatly pleased.

"I never had anything that tasted so good in my life," said he.

"Why," said the New Yorker, "don't you have snails in Philadelphia?"

"Yes," said the Philadelphian; "yes, we have snails enough, I guess, but the trouble is, there's nobody over there that can catch 'em."—N. Y. Sun.

Backache, "The Blues"

Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break," or "Don't speak to me, I am all out of sorts?" These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some derangement of the organs. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the best judges agree that it is the most universally successful remedy for woman's ills known to medicine.

Read the convincing testimonials of Mrs. Holmes and Mrs. Co'rely.

Mrs. J. C. Holmes, of Larimore, North Dakota, writes:

Dear Mrs. Pinkham:— "I have suffered everything with backache and female trouble—I let the trouble run on until my system was in such a condition that I was unable to be about, and then it was I commenced to use Lydia E. Pinkham's Vegetable Compound. If I had only known how much suffering I would have saved I should have taken it months sooner—for a few weeks' treatment made me well and strong. My backaches and headaches are all gone and I suffer no pain at my monthly periods, whereas before I took Lydia E. Pinkham's Vegetable Compound I suffered intense pain."

Mrs. Emma Co'rely, 109 East 12th Street, New York City, writes:

Dear Mrs. Pinkham:— "I feel it my duty to tell all suffering women of the relief I have found in Lydia E. Pinkham's Vegetable Compound."

Life-Weariness Women

brought to despair through the suffering caused by female diseases, should take heart. There is a cure for all your pain and misery. Mrs. John A. Keeton, of Cephas, Va., writes: "Life was a burden to me for years. All that my dear doctor did, brought no relief. Cardui helped me more than all the medicines I ever took. Now I am well and happy, and have all the pleasures of life before me." It relieves pain and regulates the functions.

WINE OF CARDUI

Getting Informed. The student of sociology handed the tramp a cigar. He wanted to learn about how such people viewed life. "Are you happy?" he asked. "The tramp shifted into a sunny spot. 'I should smile,' he answered, blowing a cloud; 'too late to shovel snow, too early to trim lawns, nobody putting in coal, and once in awhile a sucker studying social conditions.'"

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Pinkham's Vegetable Compound at once removes such troubles.

No other medicine has such a record of cures of female troubles. No other medicine in the world has received this widespread and unqualified endorsement. Refuse to buy any substitute.
